Career Objective

Enthusiastic Computer Science undergraduate with hands-on experience in C/C++, Java, and Python. Demonstrated ability in problem-solving and collaborative software development through internships and virtual projects. Eager to learn development fundamentals and contribute to agile teams in a dynamic lab and testing environment.

Education

Shri Shankaracharya Institute of Professional Management and Technology, Raipur, Chhattisgarh **2023 - 2027**
Bachelor of Technology (B.Tech), Computer Science and Engineering (GPA: 7.21)

Holy Cross Senior Secondary School, Pension Bada, Raipur, Chhattisgarh **Apr 2008 - 2023**
Class XII (CBSE) (GPA: 81.40%) *Raipur*

- **Achievements:** Awarded Gold Medal by the school for academic excellence

Work Experience

Cognifyz Technologies **Mar 2025 - Apr 2025**
C/C++ Programmer Intern *Remote*

- Participated in logic-based programming tasks to enhance C/C++ skills, contributing to a team environment and improving code efficiency
- Created reliable programming solutions using problem-solving techniques, which improved system performance and supported skill-enhancement initiatives

Deloitte **Jun 2025 - Jul 2025**
Technology Virtual Internship *Remote*

- Completed comprehensive learning modules covering programming fundamentals, data structures, and Python, which enhanced my skills in agile development and end-to-end testing practices
- Developed strong communication and planning skills through formal training in SDLC practices, which improved my ability to work in collaborative environments and proactively troubleshoot in development and test team scenarios

Projects

Random Number Guessing Game

- A console-based interactive game that generates a random number and allows users to guess it with hints.

Portfolio Website

- A personal website showcasing resume, projects, and contact information in a clean, responsive layout.

Calculator Website | [link](#) | [link](#)

- A visually appealing web application featuring a calculator functionality.

Food Menu | [link](#)

- A simple and responsive food menu website built using HTML and CSS. It showcases different sections like Main Course, Chinese, Beverages, and Desserts with styled layout.

Technical Skills

- **Languages:** C, C++, Java, Python
- **Web Technologies:** HTML, CSS, JavaScript, Web Development
- **Database:** SQL, MySQL
- **Tools & Frameworks:** Flutter, Full Stack Development
- **Soft Skills:** Communication, Leadership, Project Management

Certifications

- Deloitte Australia Technology Job Simulation - Forage | Completed - July 2025: Completed a job simulation involving development and coding
 - Wrote a proposal for creating a dashboard
- Cambridge Upskill English Certificate - Cambridge English | 23 Mar 2025
- Fundamentals of Cybersecurity (EDU-102) - Zscaler Training | 4 Apr 2025
- Java (Basics) Certificate - HackerRank | 17 Mar 2025
- SQL (Basics & Intermediate) Certificates - HackerRank | 1 Mar 2025

Achievements

- Awarded Gold Medal in 12th grade for academic excellence
